Global Leaders Lectures

Professor Jeffrey Braithwaite, BA, MBA, MIR (Hons), PhD, FAIM, FCHSM, FFPH RCP (UK) is Foundation Director, Australian Institute of Health Innovation, Director, Centre for Healthcare Resilience and Implementation Science, and Professor of Health Systems Research, Faculty of Medicine, and Health Sciences, Macquarie University, Sydney, Australia. His research examines the changing nature of health systems, particularly patient safety, standards and accreditation, leadership and management, and the structure and culture of organisations and their network characteristics, attracting funding of more than AUD\$59 million.

Professor Braithwaite has published extensively (more than 600 total publications) and he has presented at international and national conferences on more than 780 occasions, including over 75 keynote addresses. His research appears in journals such as British Medical Journal, The Lancet, Social Science & Medicine, BMJ Quality and Safety, International Journal of Quality in Health Care, Journal of Managerial Psychology, Journal of the American Medical Informatics Association, and many other prestigious journals. Professor Braithwaite has received numerous national and international awards for his teaching and research. He has contributed to ISQua in various ways for many years including on Board sub-committees, by sharing his research widely, and as an ISQua Expert.
