Hear what delegates have said about us!

The event was absolutely perfect.

I would like to thank you for the opportunity to attend the conference – it was an amazing experience! Congratulations on the excellent organisation of the event.

I recommend attending the ISQua Conference, as it is an excellent professional and personal experience for those interested in developing products, services, and research that contribute to improving healthcare for society.

The social events were well-organised and provided an excellent opportunity for networking and informal exchanges. They offered a relaxed and welcoming atmosphere.

ISQua's Conference is the most important global meeting of healthcare leadership in quality, safety, policies, learning, innovation, research, accreditation, fellowship, etc. Congratulations on everything that you do!

If you are a healthcare quality champion, and could only attend one event in a year, let this be it. Its worth it.
